BUSINESS TERMS

(Please Read Carefully Before Ordering)

We do not substitute unless instructed to do so. A second choice or next size preferred is advisable if your order is sent in late in the season.

No orders for less than \$2.00 will be accepted.

When a variety is listed at 2 for 10 cents or 2 for 15 cents, please do not order a smaller number at a lower price. Five bulbs will be sold at one-half the price of ten, but no single item will be accepted for less than 10 cents. Where no 10 price is indicated, it may be found by multiplying the price of a single bulb by 8. Twenty-five bulbs of the same size and variety will be sold at 2 times the price of ten. One hundred of the same size and variety will be sold at 8 times the price of ten.

All retail orders prepaid to all points in the United States.

On cash orders of \$5.00 or more you can select 10% extra in bulbs of your own choosing.

This does not apply to collections, special offers, wholesale orders or 1946 introductions.

COMMENTS ON SOME OF THE 1946 LEADERS

Of the recent introductions, Leading Lady and Connecticut Yankee are the two stand-out glads. Summer Girl from Dr. Graff is a deep salmon that you will hear a lot of. Pioneer from LaSalle was the top glad from the East for 1945. Cover Girl is a huge pink. Lady Boo and Intruder from Dr. Graff will have to be reckoned with at the Shows. Lavender Prince is a nice lavender that cuts good spikes. Miss Wisconsin, best of the Rose shades; Mercury, Red Fox and Red Eagle are all good reds. Revlon tops in any one's garden. Mt. Index, one of my favorites for beauty, is also a very good grower. Of the older ones — King Bee, King William, Jeanie, Flagship, Magnolia, Marsellaise, Legend, Tahlahneka and Red Charm are all tops. There are more that belong in this selection, but these are the ones that we made notes on; a lot were missed in the rush of the cut flower season.

BIRCHVILLE GARDENS' INTRODUCTIONS FOR 1946

This year I am introducing two New varieties — YANKEE LASS and ABIGAIL. Both are very outstanding. Yankee Lass was bought from William Schenetsky originator of Connecticut Yankee and King William. I sincerely say that this will rate top spot in 1946 introductions. Abigail was bought from Hugh E. Myers and will become the leading Lavender for Commercial growers and show fans.

YANKEE LASS (Schenetsky 1946)

This is a sister seedling to CONNECTICUT YANKEE. Was best spike in 1939 Connecticut Show. Also received Commendation 1939, Connecticut. Award of Merit 1944, Connecticut. Opens eight to ten 5 inch florets on a strong, straight, 60 inch stem. Color is a beautiful shade of light shell pink without marking. Double row perfect placement. Midseason; good propagator.

Price each: Large, \$10.00; Medium, \$7.50; Small, \$5.00. No bulblets for sale.

ABIGAIL (Myers 1946)

This new glad resembles Minuet in color. Opens seven to nine medium size florets about 4½ inch on a straight stem 50 to 60 inches tall. Double row placement. Midseason. Good propagator. Award of Merit Maryland 1944. Blue Ribbons 1945 — 1 spike at West Virginia and Triple Cities (biggest show in the east). 3 spikes at West Virginia.

Price each: Large or Medium, \$5.00. No Small or Bulblets for sale.

Inviting You

The Connecticut Gladiolus Society invites every Glad lover and grower to become a member. Dues are \$2.00 per year. This will entitle you to the Bulletins put out by the Connecticut Society three or four times a year, and also to the Bulletins of the North American Gladiolus Council. These will keep you well informed on what goes on in the Gladiolus field.

Connecticut Fans! Join a real Glad Society. Meet the different growers and learn more of our favorite flower. Meetings are held in November, January, February and March. I will be pleased to forward your membership.

BIRCHVILLE GARDENS — James A. Milo

INTRODUCTIONS OF ARTHUR A. ARENIUS FOR 1946**TOPFLITE (LaSalle 1946)**

A rosy pink self-color, fairly deep, not a washed-out shade. Opens eight 5 inch florets on a wiry spike 55 inches tall. Double row placement. Midseason. Medium propagator.

Price \$10.00 each, any size. No bulblets sold.

FABULOUS (LaSalle 1946)

A very distinctive blotch variety. Deep pink with a double half circle blotch. Different, the inner blotch is a bright cherry red, separated from the pink by a light cream half moon. Opens six 5 inch florets on a strong spike 60 inches tall. Double row placement. Midseason. Good propagator. Straight grower and an exceptionally good cutter.

Price \$5.00, Large, Medium or Small. No bulblets.

PINK CHARM (LaSalle 1946)

A solid, medium deep pink with a decided waxy appearance. Color darkens deep in the throat. Opens six 5½ inch florets on a 50 inch spike, no crooks. Double row placement. Medium early, very fast propagator. Will make a very fine commercial.

Price \$5.00, Large, Medium or Small. No bulblets for sale.

PEGGY (West 1946)

A clear, light lavender self-color which never flecks. Opens six 4¼ inch florets on a spike 60 inches tall. Double row placement. Early midseason. Good propagator. No crooks.

Priced at \$5.00 each, Large, Medium or Small. No bulblets.

INTRODUCTION OF WALTER C. KRUEGER FOR 1946**COLOR MARVEL (Krueger)**

Color Marvel is a cleanly-blended yellow with pink tones. Florets are truly a marvel of color; grows to a height of 50 to 60 inches and produces cut spikes of 40 inches with 24 inch flowerhead that carries 19 buds, of which 5 to 6 4¼ inch florets open at one time. Early, and is a good producer of bulblets that germinate satisfactorily, many of which bloom.

Price each bulb: Large, \$10.00; Medium, \$7.50; Small, \$5.00. Ten bulbs for price of eight. No bulblets this season.

INTRODUCTION OF CHUCK RUBLE**DAISY MAE (Lins-Ruble 1945)**

In my opinion the outstanding glad of the 1945 introductions. This beautiful orange pink with a cherry throat blotch is headed for a very bright future as a commercial and exhibition variety. Opens 8 large blooms on an 18 bud spike, produces bulblets in large quantities which germinate 100%. A coming commercial; will become as popular as Picardy.

Prices for 1946: Any size bulbs \$2.00. Bulblets sold only with bulbs, 1 bulb and 25 bulblets \$5.00. Limit 5 deals to a customer.

**UNLABELED COLLECTION OF ASSORTED GLADS**

Many folks desire to plant Gladiolus, but do not care to bother labeling the different kinds. To satisfy these buyers we have made up the following unlabelled collections. All are put up in good color balance. However, if you have a preference for certain colors, just mention it and I will act accordingly. All are very good buys and would cost much more if bought under name.
